PROFILE

Detail-oriented Computer Science undergraduate with hands-on experience in full-stack web development using MERN, Django, and PHP. Skilled in building responsive web applications, developing RESTful APIs, and managing databases with MongoDB and MySQL. Strong problem-solving abilities with experience collaborating in team-based projects, seeking to contribute as a Software Engineer Intern.

EDUCATION

UVA WELLASSA UNIVERSITY OF SRI LANKA

2021 - Present

BSc (hons) Computer Science

PROJECTS

SMART PHARMACY MANAGEMENT SYSTEM | Intelligent Consultancy, Sales and Inventory Platform

- Developed a Smart Pharmacy Management System to streamline consultancy, sales, and medicine stock tracking with secure login and real-time inventory management. Integrated an AI chatbot that automatically corrects misspelled medicine names and retrieves accurate results from the database, improving search efficiency and user experience.
- Used Tools & Languages** : Mongo DB, Express.js, React.js, Node.js, Next.js

FOOD RECIPE SITE | Interactive Recipe Sharing and Discovery Platform

- Created a user-friendly recipe-sharing platform that allows cooking enthusiasts to explore, create, and manage recipes with secure login, interactive dashboards, and smart search and filter features, fostering a creative cooking community.
- Used Tools & Languages**: React(Vite), Django REST Framework

AUTOCARE LANKA | Intelligent Automobile Service Booking and Knowledge Management Platform

- Developed an Automobile Service Station Management System to handle service pre-bookings, manage career opportunities, and provide an automobile knowledge transfer platform for students. The system streamlines service scheduling and information sharing, improving operational efficiency and user engagement. Collaborated with cross-functional teams to gather requirements, analyze user needs, and define clear software specifications.
- Used Tools & Languages**: PHP, React.js

AGRILINK | Transparent Multi-Role Agricultural Marketplace and Management System

- Developed a MERN stack web application to enable transparent agricultural trading by connecting farmers, buyers, agents, and admins on a unified platform. Implemented role-based dashboards to manage products, orders, and payments, along with secure authentication and a scalable backend. Designed a responsive, user-friendly interface to enhance accessibility and overall user experience.
- **Used Tools & Technologies :** React.js, TypeScript, Node.js, Express.js, MongoDB

WEATHER APP | Real-Time City Weather Updates and 6-Day Forecast Platform

- Developed a responsive Weather App using React and Tailwind CSS, allowing users to search any city for real-time weather updates and a 6-day forecast. Integrated the Visual Crossing Weather API to fetch accurate data, featuring dynamic backgrounds and detailed weather information to enhance user experience.
- **Used Tools & Technologies :** React(Vite), Tailwind CSS

SMART EXPENSE TRACKER | AI-Powered Budgeting, Expense Management, and Personalized Spending Insights

- Developed a Smart Expense Tracker using Node.js, Express, MongoDB, and AI integration, implementing secure user authentication (JWT), CRUD operations for expenses, monthly budget management with real-time threshold alerts via email, and AI-powered features to auto-correct expense entries, predict categories, and provide personalized spending suggestions. Designed RESTful APIs, integrated email notifications, and optimized database queries for efficient performance.
- **Used Tools & Technologies :** Mongo DB, Express.js, React.js, Node.js

SKILLS

- Full-Stack Web Development (MERN Stack)
- React.js, Next.js & Tailwind CSS
- Node.js & Express.js Backend Development
- Django & PHP Web Application Development
- RESTful API Design & Integration
- MongoDB & MySQL Database Management
- Role-Based Authentication & Authorization
- Responsive UI/UX Development
- Git & GitHub Version Control
- Agile Development & Team Collaboration
- Problem Solving & Analytical Thinking
- Effective Communication Skills

LANGUAGES

- English
- Tamil
- Sinhala
